

### PE Kits

Year 5 will be participating in PE lessons on a **Tuesday and Thursday** afternoon.

Children should continue to bring their PE kits on a Monday and leave them in school until Friday.

Children should wear a plain t-shirt in their relevant house colour with black shorts or jogging bottoms.

Children with ear piercings should bring tape to cover their ears, if your child cannot take the earrings out.

Depending on the weather, some of the PE lessons will be outside so children will need trainers and perhaps a warm sweatshirt.

### Reading books

In order to develop reading skills, we ask that the children read as much as possible- this will then be recorded in their reading record. Because the children are in Year 5 and may not read to you, could you please still sign their reading record? We are keeping a record in school and children will be awarded a 'dojo' every time they read.

# Things to remember

### Useful websites:

For spellings:

<https://spellingframe.co.uk/>

Maths:

<https://ttrockstars.com/login>

### Water bottles

Although we have water fountains in and around school, we would encourage your child to bring a bottle of water into school each day to help activate their brain. These will be returned home each evening to be refilled.

### Other

Children are welcome to bring any information or books about our topic, Space, into class. Please make sure books are labelled clearly with names.

We are making our moon buggy! If you have any materials (such as egg cartons, cereal boxes and newspapers) that you wish to recycle, please donate to Y5.

If you have any questions or wish to speak to me about your child, please do approach me on the playground at the end of the school day or alternatively, make an appointment with the office.

### Homework

Homework is set every Friday and should be handed into school by the following Thursday.

Spellings- Children will be asked to write their new spellings correctly in a sentence. They will then be tested on their spellings the following Friday.

The maths homework will cover a variety of mathematical topics, which will support your child's learning.
