Maximise your potential.
Attend School every day.

Are you aware that work in the classrooms starts at 8.45am?

During this first period of the morning, classroom staff do lots of skills practice and revision work with the children to help consolidate and remember previous learning.

This is also a time when interventions are carried out for children needing a little extra help with maths or English work.

Is your child missing out?

Please support your child's education by ensuring they are in class by 8.45am each morning.
